

AFTERNOON PROCEDURES

If your procedure is scheduled to begin AFTER NOON, then you will need to adjust the timing of your colonoscopy preparation to optimize the cleansing process.

You may extend the time that you have white food with close to zero fiber (ex. cheese, egg, vanilla yogurt, white bread, chicken) until 2 p.m.

ALTER THE INSTRUCTIONS PROVIDED by taking the FIRST DOSE approximately 6-8 hours before your scheduled procedure time (between approximately 3:00 am to 7:00 am). Follow instructions for additional hydration.

ALTER THE INSTRUCTIONS PROVIDED by taking the SECOND DOSE approximately 4 hours before your scheduled procedure time (between approximately 8:00 am to 10:00 am; needs to be at least 2 hours after you started the first dose). Follow instructions for additional hydration.

You MUST FINISH the final glass of clear liquid AT LEAST THREE HOURS BEFORE YOUR PROCEDURE! Absolutely nothing more to eat or drink three hours before your scheduled procedure time!

40 minutes before your scheduled procedure time, check in at 40 Skokie Boulevard in Northbrook, Suite 110.
